

UNIDENTIFIED WATERCRAFT ON SITE

As occasionally happens, we again have a small number of watercraft, specifically canoes, kayaks, windsurfers, and paddleboards, which do not have stickers attached and for which we can not identify the owners. **(note---there are three that have 2019 stickers that do not have id numbers on them. It is the id number that identifies the owner.)** These are located in the rack area of the site. Some are in poor condition. If you own one of these, please confirm your ownership by contacting GRSA Staff at info@grsa.org or by calling 804-523-2900. This will allow decisions to be made as to what should be done with these unidentified craft.

Your assistance in this is greatly appreciated so that we can continue to maintain our site.

Respectfully,

The Board of Directors
Greater Richmond Sailing Association
